

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
PROJECT-BASED ARCHITECTURE	Manage data efficiently within a project context - survey forms, collected data, people, and locations are grouped by project.				
Project Locations	Rename "Locations" to represent a key field for your project. Can be a location or anything representing something in your project. Create reports and exports based on location, sort & track collected data by location.	✓	✓	✓	✓
User Access Roles	Assign access and permissions to specific team members for specific projects.	✓	✓	✓	✓
Photo Gallery	See all photos associated with a project. Photos link directly to associated data.	✓	✓	✓	✓
Photo Metrics	Easily view all surveys, photos, and exported reports across projects.	✓	✓	✓	✓
Map View of All Dropped Points	All dropped project location pins displayed in map view.	✓	✓	✓	✓
Project Documents	Upload any reference documents that your field crew needs available offline for easy viewing on mobile devices.		✓	✓	✓
Project Measures	Project workflow allowing environmental project measures to be linked to checklist questions for easy reference on mobile app.		✓	✓	✓
Organization Metrics	High-level metrics for management decisions.			✓	✓
Auditor Role	Restricted data access for stakeholders outside your organization.			✓	✓
SURVEY FORM LIBRARY	A robust list of industry standard survey forms you can edit, and agency specific survey forms for exact reporting in required formats.				
Compliance	Customizable environmental survey forms such as SWPPP, Spill, Pre-Construction Survey, Construction Compliance, Noise, Air, Fugitive Dust, Soil and Water Sampling.	✓	✓	✓	✓

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
Administrative	Customizable admin survey forms such as vehicle tracking, time sheets, per diem reports and more.	✓	✓	✓	✓
Archeology	Standard forms for all phases of archaeological research.	✓	✓	✓	✓
Biology	Customizable survey forms for tracking & monitoring flora and fauna, endangered and threatened species.	✓	✓	✓	✓
Photo Forms & Logs	Use as is or modify to suit your needs.	✓	✓	✓	✓
UAV Operations	Checklists and operations forms.	✓	✓	✓	✓
USACE Wetland	Standard USACE Wetland Determination Data Forms for all 10 US Regions with exact exports.		✓	✓	✓
Cultural Resource Management	Agency specific site forms with exact state exports.		✓	✓	✓
CNDDB	Exact form and export for CDFW reporting.		✓	✓	✓
SURVEY FORM BUILDER	Drag and drop survey form builder with a variety of question types, or copy existing forms and modify. Share standard survey forms across all projects.				
Location Capture	Record a latitude/longitude coordinate with a single tap and refine point location by moving base map.	✓	✓	✓	✓
Photo and Video Integration	Take photos and videos within the mobile app or select from your camera roll.	✓	✓	✓	✓
Signature Capture	Build a digital signature to capture a signature wherever you need to.	✓	✓	✓	✓
Taxonomy Lists	Integrate flora and fauna taxonomy lists right into your survey forms. Smart searchable by latin or common name.	✓	✓	✓	✓
Quick Click Counter	Need to tally objects, artifacts, or wildlife? Use the "counter" field to do that quickly.	✓	✓	✓	✓
Hide & Show Logic	Using logic rules you can make a detailed complicated form look simple in the field. Only see what you need to see when you need to see it.	✓	✓	✓	✓

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
Data Repeaters	Have a collection of questions that you want to repeat more than once? Use a repeater and easily collect mountains of data in a single form.	✓	✓	✓	✓
Default Values	Stop entering the same information on every form. Instead, set default values to pre-fill fields for each new form.	✓	✓	✓	✓
Required Fields	You can make any field required to ensure the data are collected and not forgotten.	✓	✓	✓	✓
Smart Search Drop Down Lists	Easily search long pick lists using just a few key letters	✓	✓	✓	✓
Helper Text	Add helper text to any field to convey additional information	✓	✓	✓	✓
Conditional Default Values	Check one thing and your answer is filled in. Check another and it's a different answer. A very powerful tool for speeding up your data collection.		✓	✓	✓
Helper Text Pro	Rather than displaying all helper text, click the info "i" for question details		✓	✓	✓
Project Documents	View relevant project documents on mobile app offline.		✓	✓	✓
PHOTO MANAGEMENT TOOLS	Standard and agency-specific photo exports				
Photo Caption	Caption photos on mobile app and view photos with captions in photo gallery.	✓	✓	✓	✓
Photo Gallery	Easily view all photos associated with a project and quick click to associated data.	✓	✓	✓	✓
Photo Order Control	Sort photo order within a survey form.	✓	✓	✓	✓
Photo Sheet Report Export	Create professionally formatted photo sheet exports with either 2 or 4 photos per page.	✓	✓	✓	✓
Download All Photos	Download all your photos at one time for easy storage on your servers.	✓	✓	✓	✓
Dropbox Integration	Have Dropbox? Send your photos directly to Dropbox in a tidy package.	✓	✓	✓	✓

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
Photo Resolution	Tight on space? Choose a resolution suitable for your photos (high, med, low).		✓	✓	✓
GIS Data Photo Overlay	Directional data overlaid on photos.		✓	✓	✓
Photo file renaming	Rename all your photos with a specific syntax. Organization at the touch of a button.		✓	✓	✓
DATA COLLECTION	We excel at data collection and these features will help you collect your data in an organized and efficient way.				
Offline Data Collection	Collect data offline on all Android/iOS devices. Sync on your terms when you get back to WiFi or strong cell service.	✓	✓	✓	✓
Android & iOS Phones & Tablets	Works on the world's most popular devices.	✓	✓	✓	✓
Map View on Mobile	View all your project location coordinates and any additional dropped points in map view. Launch survey forms within map view. Navigate to locations.	✓	✓	✓	✓
Photo Caption	Caption photos on mobile app and view photos with captions in photo gallery	✓	✓	✓	✓
Duplicate Completed Survey Form	Make a copy of a completed survey form and edit only what's needed	✓	✓	✓	✓
Taxonomy Favorites	Select a plant once in your project, and it pops to the top of your taxon list for easy selection next time.		✓	✓	✓
View Historical Location Data	If connected during fieldwork, query data base for previously submitted data about a location		✓	✓	✓
DATA MANAGEMENT & REPORTING	Manage and utilize your data with speed and efficiency.				
Project Search	Query your project by a variety of search criteria including specific answers submitted on a survey form, and directly export results to pdf.	✓	✓	✓	✓
Map View	Easily see all dropped points within a project.	✓	✓	✓	✓
PDF Reports Export	Export your data into two professional PDF report styles: standard and checklist.	✓	✓	✓	✓

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
Photo Sheet Report Export	Create professionally formatted photo sheet exports with either 2 or 4 photos per page.	✓	✓	✓	✓
KML Export	Export all of your dropped points and photos for viewing google earth, or exporting to other GIS software.	✓	✓	✓	✓
Excel Pivot Export	Excel export that pivots all data so that each question becomes a column. Perfect for quick quality assurance and detailed analysis.	✓	✓	✓	✓
Bulk Export by Date Range	Export by date range and Wildnote compiles the report in seconds.	✓	✓	✓	✓
Generate export directly from search results	Search for exactly what you need and get the export for just that.	✓	✓	✓	✓
Agency Specific Exports	Custom exports combine certain survey forms to produce the export that the agency expects to see. No more formatting.		✓	✓	✓
Organization Search	Query your organization by a variety of search criteria.		✓	✓	✓
Branded PDF Reports Exports	Use your logo AND a project logo on PDF exports.		✓	✓	✓
Report Header Control	Override default report header with your own custom header.		✓	✓	✓
Select Photos for a Report	Take as many photos as you want, and select only the photos you need for export.		✓	✓	✓
Custom Compilation Report	Choose the survey forms and photos to compile your own combined report.		✓	✓	✓
TAXONOMY	Taxon Lists and Features that will make your life easier.				
All 50 USDA Plant Lists with USACE Wetland Indicators	Integrate your state's plant list into any survey form. Contains common, Latin and plant code.	✓	✓	✓	✓
California Invasive Plant Species List	Use the Cal-IPC list in any survey form.	✓	✓	✓	✓
California Wildlife List	Common and Latin names of all CA wildlife.	✓	✓	✓	✓

	DESCRIPTION	PRO	PRO+	ENTERPRISE	ENTERPRISE+
Taxonomy Favorites	Select a plant once in your project, and it pops to the top of your taxon list for easy selection next time.		✓	✓	✓
Pre-populate Taxonomy Favorites	Set your taxonomy favorites before you collect data so they display at the top of your list.		✓	✓	✓
Access Flora and Fauna Meta Data	Incorporate upon export such things as wetland indicator statuses by regions, special species status listings, native/non-native and more.		✓	✓	✓
Build Your Own Taxonomy List	Use our taxonomy framework to create your own sub lists.		✓	✓	✓
PROGRAM BASED FEATURES	High-Level organization for large companies.				
Multi-Project/Program Management	Group projects into programs for high level management of data.			✓	✓
Program Search	Query a collection of projects within a program and directly export results to pdf.			✓	✓
Program Metrics	See your stats based on high-level program status.			✓	✓
Program Locations	Set locations at the program level for high-level control and organization.			✓	✓
Multi-Office Management	We can bill you for multiple offices on one invoice saving you time and effort.			✓	✓
SUPPORT	Support Options				
Standard Support	Chat, email, phone M-F 8am-5pm Pacific Time.	✓	✓	✓	✓
Support Plus	Chat, email, phone outside of regular office hours, or expedited response time.			✓	✓
